Authors responses to Reviewer 2

1. I have added as follows: (Pag. 1 Lines 23-24) in the text: "Microplastics are small plastic fibers originating from daily objects."
2. I have added as follows: (Pag. 1 Lines 24-25) in the text:" The possible sources of these particles come from clothes, paints, tyre dust and personal care products."
3. I have added as follows: (Pag. 1 Lines 33-37) in the text: "Otherwise, if we consider only the plastic marine debris caused by terrestrial sources as coastline populations and river inputs, the relative rate per cent contributions of mediterranean countries are the following ones, in decreasing order: Turkey (97%), Morocco (94%), Israel (90%), Spain (89%), France (86%), Syria (86%), Egypt (84%), Albania (84%), Tunisia (82%) and Italy (80%) [3]."
4. (Pag. 2 Line 58) in the text: Figure 2 has been deleted.
5. I have added as follows (Pag. 2 Lines 43-44) in the text: "The yearly cost caused by plastic pollution in mediterranean waters is about of 61.7 million Euros, including the economic loss caused by overfishing [3]."
6. I have added as follows (Pag. 3 Lines 69-72) in the text: "It is suggested by European Union [15] to urge Mediterranean countries in undertaking all the financial, legal and administrative measures to establish a sound and sustainable waste management system so to solve the problem of plastic pollution into the sea."
