Response to Reviewer 1 Comments

Dear reviewers,

Thanks for your comments and suggestions regarding the manuscript agronomy-1939589. We appreciate the Editor's and the Reviewers' contributions and believe that the paper is significantly improved. Following are our detailed responses to all of comments.

Point 1: English grammar and spelling should be checked

Response 1: Yes, we have checked English grammer and spelling.

Point 2: In Fig. 2 you mention first and second season, but in the text, lines 227..... you only mentioned second season.

Response 2: Yes, we have corrected the caption of Fig. 2. "Figure 2. The plant height (h), stem diameter (D), leaf area index (LAI) and chlorophyll content (SPAD) under different water and nitrogen treatments in the second season of 2019." (Line 278-280)

Point 3: Fig. 3 and 4 should be enlarged.

Response 3: Yes, we have re-update a larger and clearer vision. (Line 349, 382)

Point 4: Line 360 should be amino acids.

Response 4: Yes, we have corrected. (line 387)

Point 5: Line 414 should be treatments not programs.

Response 5: Yes, we have corrected. (Line 451)
