Dear Reviewer/ Editor

I hope this letter finds you well. We would like to express our gratitude to the editorial team and the referees for their valuable feedback on our manuscript titled “Exploring the Interior Designers’ Attitudes toward Sustainable Interior Design Practices: The Case of Jordan” submitted for publication in Sustainability.

We have carefully considered all the comments and suggestions provided by the reviewers and the editor, and we are pleased to report that we have made the following revisions:

1. **Abstract:** We have consolidated the text in the abstract to remove any unnecessary separation.
2. **Text Clarification:** We have replaced instances of "this paragraph" with "this section" for clarity.
3. **Figures 2 and 3:** We have rounded the values above the boxplots to integer values and removed the "%" symbol. We have also included the "%" symbol on the y-axis to enhance clarity and prevent blocked values.

We believe that these revisions have improved the overall quality and readability of our manuscript. We sincerely appreciate the time and effort the reviewers and editor put forth in providing constructive feedback, which has undoubtedly strengthened our work.

We kindly request your approval for these revisions and consideration of our manuscript for publication in Sustainability. We are confident that the changes addressed all concerns raised during the review process, and we remain enthusiastic about sharing our research with the scientific community through your esteemed journal.

Thank you once again for your time and consideration. We look forward to hearing from you soon.

Sincerely,

Mousa Mohsen
