For Command’s Rewiever 3,

In the study, typographical mistakes and some term errors were compensated.

The publication suggested to us was examined and we involved to our publication according to that publication.

The conclusion part of the study has been developed.

First of all, thank you for your effort. Your suggestions for our study were really valuable to us.

Suggestion;

Also the paper doi.org/10.3311/CAADENCE.1640 is useful as it reported similar considerations on different insulation materials for the building envelope in different climates.

Read this paper and due to this proposal improved our paper.
