Original Manuscript ID: sensors-1565678
Original Article Title: "Hardware Efficient Massive MIMO Systems with Optimal Antenna Selection"
To: Editor

Reviewer Comments

The revised manuscript has been still insufficiently improved. It is still difficult for the readers to understand the paper. The following examples should be addressed.
(1) $\hat{k}_k$ used in the expression (3) was not defined.
(2) Where has been the symbol $\bar{r}_{i,k,l}$ used in 3.1?
(3) Please carefully check all other symbols.

Best regards,
