We greatly appreciate the review of our manuscript "Lysine-specific demethylase 1 (LSD1)-mediated epigenetic modification on immunogenicity and immunomodulatory-effects in breast cancers" and offer us the opportunity to revise and resubmit our manuscript. We would like to thank the reviewers for providing an in-depth critique and helpful comments that were immensely helpful in revising and improving the quality of our manuscript.

Please find below our replies to each reviewer's comments. We hope that the corrections and replies would meet your approval. We look forward to hearing from you regarding our submission and to respond to any further questions and comments that you may have. We have listed the reviewer comments in black and our responses in red.

Thank you for your considerations and we look forward to your positive response.

Best regards,
Jabed Iqbal

Response to Reviewer 1 Comments

Point 1: The authors provided my corrections, but regarding comment #4, when it used the results in lines 94-99, I would suggest citing it in Ref.

Response 1: We thank Reviewer 1 for this feedback. Reference for the results used to describe under lines 94-99 have been added accordingly, under citation 12.
