Manuscript Title: A Review on Micro-LED Display Integrating Metasurface Structures

Journal: Latest Advancements in Next-Generation Semiconductors: Materials and Devices for Wide Bandgap and 2D Semiconductors

Response to Reviewer 1 Comments

Dear editor and reviewers:

First of all, I would like to thank you for reviewing my manuscript and providing professional and meticulous responses in your busy schedule and thank you for giving me the opportunity to modify the manuscript. Those comments are all valuable and very helpful for revising and improving our manuscript, as well as the important guiding significance to our researches. We have studied the reviewer's comments carefully and rewritten the manuscript accordingly. Detailed corrections are listed below point by point:

Reviewer(s)' Comments to Author:

Q1. One point I would like to note is that I recommend the authors to review the entire manuscript and correct the minor mistakes (typos) before publication.

Response:

Thank you very much for your professional and helpful comments. Your suggestions are very helpful in improving the content of the manuscript. We have reviewed the entire manuscript and ensured the correctness of the spelling. The modified part in the manuscript are highlighted by cyan color.
