

Point-by-point response to the reviewer's comments from the manuscript with the number cancers-2833099 and the title "Implications in Cancer of Nuclear Micro RNAs, Long Non-Coding RNAs, and Circular RNAs Bound by PRC2 and FUS".

We would like to thank all the peer reviewers for the time and the efforts used for the peer review of our manuscript, as well as for the constructive comments that led us to an improved version of our manuscript.

We would like to mention that in the file that contains our revised manuscript the changes done are highlighted in green.

Response to Reviewer 2

The article is at an acceptable level in terms of quality and comprehensiveness. It is suggested that it be accepted by improving the quality of the article in terms of grammar.

We would like to thank Reviewer 2 for the positive opinion about our manuscript. We appreciate the time used during the peer review. We have corrected the English grammar and language usage in our manuscript. We hope that Reviewer 2 confirms his/her original positive opinion about our manuscript and suggest the acceptance for publication as Review in Cancers.
