Response to Reviewer 5 Comments

1. Summary

Thank you so much for taking the time to review this manuscript! We truly appreciate your feedback. Below, you'll find our detailed responses, along with the corresponding revisions and corrections highlighted in track changes in the resubmitted files.

Thank you again for your support!

2. Point-by-point response to Comments and Suggestions for Authors

Comments 1: *Dear authors, thank you for your response. This is an interesting work. Technically well done. I think the changes you made are appropriate.*

1. Indicated fragment has been removed

2. Participants are described (age and gender)

3. The analysis procedure is justified

4. The moderating effect of gender is included

Response 1: Thank you for your thoughtful feedback and for acknowledging the improvements we made. We appreciate your kind words about our work.

We are pleased to hear that you find the changes appropriate, particularly regarding the removal of the indicated fragment, the description of participants, the justification of our analysis procedure, and the inclusion of the moderating effect of gender.

Your support means a lot to us as we finalize this work. If there are any further suggestions or concerns, please let us know!
