

Response to Reviewer 2

1. Summary

Thank you very much for taking the time to review this manuscript. Please find the detailed responses below and the corresponding revisions/corrections highlighted/in track changes in the re-submitted files.

2. General points

First Isolation, molecular identification, and phylogenetic characterization of VVIBDV in Pullets in Chile by Cadiz et al is a well written manuscript. There are minor corrections before acceptance for publication

3. Point-by-point response to Comments and Suggestions for Authors

Comments 1: *Line 166. I think "No evident lesions" should be replaced by "No other significant lesions"*

Response 1: *Thank you for pointing this out. We agree with this comment.*

Comments 2: *Figure 7 didn't print out for me to analyze as it is cited in line 265.*

Response 2: *Thank you for pointing this out. There was an error in this part, Fig. 7 does not exist.*

Comments 3: *References: #22 has a format issue with journal name*

Response 3: *Thank you for pointing this out. We agree with this comment.*
