Response to Reviewer 2 Comments

Thank you for your serious and constructive comments on our manuscript (Manuscript ID: energies-519432). According to your suggestion, the manuscript has been revised as a letter to editor. The revisions we have made are as follows:

**Point1.** The authors address all raised points. However bibliography should be formatted consistently (FAMILYNAME, Initials, avoid "et al", etc) and references to them in the main text should follow by naming last name of authors (not the first name), etc.

**Response 1:** Thank you for your approval on our revision work of Round 1. We referred to Guide for Authors of *energies* and the reference style of published papers issued by *energies*. The format of the references in the manuscript has been inspected and modified accordingly, as well as relevant format in the main text. Moreover, the language of our manuscript was edited by MDPI English Editing.
